

Hopkinsville Kentuckian.

CHAS. W. MACHAM, Editor.
TUESDAY, SEPTEMBER 17, 1890.

A heavy vote is being registered in Montana.

A company at Owensboro began boring for natural gas Saturday.

Ex-Mayor P. Booker Reed is again a candidate for Mayor of Louisville.

The New Jersey Democrats have unanimously renominated Leon Abbott for Governor.

The London strikes have ended, the demands of the workmen having been agreed to.

Jas. Matz, an Italian fell on live electric light wires in New York City and was instantly killed.

Fort Leavenworth, Kansas, unveiled a statue of Gen. Grant, Saturday, with imposing ceremonies.

Twenty-five members of the late lamented Greenback party held a National Convention in Cincinnati last week.

Constitutional conventions are in session in Wyoming and New Mexico. They are getting impatient to get into the Union.

Ken Chappie, a prominent lawyer of Morganfield, fell dead while addressing a jury at that place Saturday. Heart disease was the cause.

Tanner's successor has not yet been appointed. The President is having trouble to find a Republican who is not a treasury-raider.

Tanner is very sore over being fired. It is claimed for him that he was only carrying out instructions to "the liberal with the boys."

Tanner was not discharged for his pension raids on the treasury, but for shooting off his mouth too much and violating the eleventh commandment—thou shalt not get killed.

Henry S. Ives, the willom "Napoleon of Finance," is now on trial in New York for crookedness and the Sun has complicated his other troubles greatly by charging him with forgery on a large scale.

Hiddleberger is stumping Virginia against Mahone and proposes to make it exceedingly lively for that individual. Hiddleberger's return to the Democratic side is explained by the fact that he is sorer this summer.

The disastrous storms on the Atlantic coast, after lasting five days, ended Friday. Scores of lives were lost, and many vessels were destroyed and others are still missing. The storms were the most destructive for years.

The Colored Baptists in session at Indianapolis adopted incendiary resolutions advising the colored people of the South to arm themselves and use their weapons upon the slightest provocation. This advice is not only unchristian like, but will be very dangerous for those who act upon it.

Warren County Democrats propose to rid themselves of too much ecclesiastical in the busy season by having early nominations, and primaries will be held on the 28th to put out a county ticket for next August. This is not a bad idea, as it will enable the defeated candidates to prepare for their crops or make business arrangements as usual next year.

The Catlettsburg Democrat, published away up in the extreme northeastern corner of the state, comes out for Capt. W. J. Stone for Governor and John S. Rhea for Attorney General and favors a combination between western and eastern Kentucky to keep the offices from going in a body to the Bluegrass country. Shako, Brother Maroon, on this proposition.

John L. Sullivan announces himself a candidate for Congress next year and will begin his political career by running for congressman in ward 19, Boston, this fall. In his earnest impetuosity to enter politics, he seems to have lost sight of the fact that he has already been elected to a one-year term in Mississippi. If elected, he might have to resign other offices on account of his previous engagements in the South.

Victoria C. Woodhull and her sister, Miss Tenuis C. Woodhull, formerly conspicuous in the country as female suffrage operators, went to England some years ago and married "Barthelme." They are now sending out circulars announcing their intention to return to America to run Mrs. Woodhull-Martin for President in 1893. As there will be no Presidential election in this country in 1893, Vic. must be developing into a practical joker in her old age.

Sixty state troops from Lexington and Harrodsburg reached Pineville Saturday and marched on foot 30 miles to Harlan county, where they have been ordered to suppress lawlessness. This begins to look more like war than anything the boys have encountered so far. It is altogether different from dress parades and summer resort encampments. If the two companies in Harlan should survive mountain bullets and the hardships of active service, they will be veterans upon their return.

THE O. V. AGAIN.

What Col. Cole says About Its Intention—Clarksville's Proposition.

The following extracts are from the Clarksville Progress on the O. V. proposition:

"Col. E. W. Cole, Attorney for the Ohio Valley railroad, is here for the purpose of conferring with prominent citizens in regard to the proposition for a subscription of \$135,000 from Clarksville and Montgomery county towards extending the road through from Princeton to Nashville. The question is now fairly before our people, and it is for the public to say whether or not they want this road and are willing to do anything to plan or what steps will be taken to raise the money. Our opinion is that there is no danger of getting too many roads. In fact, Clarksville is a finished town without more outlets. He says it is the fixed purpose of the O. V. Company to go through; that the citizens of Nashville will hold in earnest and Nashville will undoubtedly raise her part of the subscription, nor is there any doubt about Cheatham county. And the question is what will Clarksville do? With the assistance asked for in this proposition, the Company has money enough to put the road through without delay and no part of the money is to be paid until the road is completed. He says the object is to take in Hopkinsville on the line, and also to reach the iron banks.

From what we gathered from Col. Cole it seems that the object is to run from Princeton to Hopkinsville, and from there by Lafayette to Clarksville, and build a branch from Lafayette to the ore banks. However, the question is up for action, what will Clarksville and Montgomery county do about the proposition? Shall we undertake to raise the subscription and how, is the question?"

Collector Peland has made the following additional assignments and these will complete the list until November 1, all the Democrats in the district being now out of office:

CROFTON.

Child Killed—Arm Broken—Boring for Gas—Fine Calf—Personal Items.

CROFTON, Sept. 15.—Rev. L. W. Browder is conducting a protracted meeting at the M. E. Church this week.

Dick Keyes' little five-year-old son fell from Geo. Grant's wagon Tuesday, while it was in motion, fracturing his left arm.

Little Jimmie, son of Mr. and Mrs. J. A. B. Ratcliffe, was run over Monday, Sept. 9, by a wagon, inflicting injuries to the brain from which he died Wednesday night, Sept. 11. To the family we tender our condolences.

The Hagg Lick Oil and Gas Company began work last Wednesday on Gatlin Dunning's farm one and a half miles west of here. Oil and gas have already been found, but not in paying quantities.

M. V. Dulin has just received a fine thoroughbred short horn male calf, which he purchased of Mr. H. H. Dale, of Bowling Green, Ky. The calf is less than eight months old and weighs 600 lbs. Mr. Dulin visited several herds of short horns in this county before going to Bowling Green, but failed to find as fine a calf as he wanted.

Mrs. J. B. Jackson, of C. B. Pittman and Frank Prouse went to Louisville yesterday to witness "The Last Days of Pompeii."

Miss Smith, of Clarksville, Tenn., who has been visiting friends and relatives here for several weeks, returned home yesterday and a certain young man in our town now has a Tennessee look.

Mr. W. F. Randle, of your city, has been working among our citizens for a few days trying to organize a lodge of Knights of Honor. The order is well known among our people and to those who want to lay up something for their families will find it very cheap insurance and we hope may meet with success.

Mrs. G. W. Hancock, of Morion's Gap, is visiting friends here this week.

CIRCUIT COURT NEWS.

THE ABOVE CASES WILL BE THE FIRST OF THE NEW NOVEL FROM THE PEN OF OUR TOWNSMAN, HANSOU PEARL DILLZ, WHICH IS NOW IN PRESS, AND WILL BE ISSUED IN OCTOBER BY G. W. BILKINGHAM, OF NEW YORK WHO HAS ONE OF THE LARGEST PUBLISHING HOUSES IN THE UNITED STATES. The public, and especially the people of Kentucky, to whom the author is well-known, are awaiting the appearance of the new book with no little curiosity and interest, for aside from its being the product of a Kentuckian, the publisher is sanguine that it will have a large sale from its merit. The author's former novel, "The Dutchess of Lundy," published several years ago by Peterson Bros., of Philadelphia, has had a large sale, which will but add to the popularity of Dundeath Abbey, which will be published in a large handsome cloth volume.

THE DUNCAN CASE.

The case of Walter Duncan, indicted for the murder of Chas. Fleming, at Herndon, in 1888, was called yesterday and a trial gone into. The following jury was empaneled after much difficulty: Beau Marques, Lee M. Wood, Wm. Faughn, W. M. Wolfe, Jas. V. Forbes, Ike Leavell, col., Jno. L. White, J. Wils Boyd A. O. Dority, Jno. The Fifth Avenue.

Speaking of hotels and their accommodations, etc., reminds us of the Fifth Avenue, Louisville, which, under the present management, that of Capt. James T. Nichol, the proprietor, is taking the lead among the hotels of that city. This popular house is situated only a short distance from the State and Federal Courts and is convenient to all the principal places of amusement. It has been newly fitted up and its accommodations are now first-class in every particular. The fare is simply excellent, consisting of every variety in such a manner that it not only appeases the appetite of the well, but tempts even the sick. For cleanliness and comfort this popular hotel is not surpassed, everything having strictly a homelike appearance. Indeed so inviting that after a stop of a few days one feels loth to leave for other larger cities. The price is only \$2 per day, and really it seems to us to be fairly equal, if not superior, to many of the \$3 and \$4 houses. If you would wish to have a season of enjoyment while sojourning in Louisville at any time, stop at the Fifth Avenue and you will not be disappointed.

THE CRAFT.

The Madisonville Hustler has changed from a quarto to an octavo form.

Editor Datus, of the Barboville News, makes this interesting allusion to his recent wedding: "The wedding was very quiet and informal, though a most enjoyable affair. The bride is one of the most charming ladies that it has ever been our fortune to meet."

The Louisville Evening Post was sold last week by B. Dupont, the principal stockholder, to a syndicate of ten men in and about Louisville.

W. M. Finley will continue to be the editor and the policy of the paper will not be materially changed.

Miss Louie Stevens, whose genius is rapidly attracting attention, has recently finished life size portraits of Mr. Geo. O. Thompson and Mr. R. G. Rickman; that will add much to her reputation as an artist in crayon work. The pictures are remarkably true to nature, the artist having caught the expression so necessary for making a life-like portrait. They can be seen in Thompson & Meador's show window.

Dundeath Abbey.

CREAM OF NEWS.

The Stanley Case.

After being together for two days, the jury in the Stanley case brought in a verdict last Saturday evening. The circumstances in this case were well known. Harmon Stanley, a mulatto, and Reuzie Stanley, a negro, killed Col. Rufus Ebling at the August election in 1886, in Stuart's precinct. Harmon shot Ebling and mortally wounded him, as he lay dying on the ground, Reuzie rushed up and brained him with the butt of his gun. They were tried in 1887 and the jury failed to agree and it afterwards developed that the father of Harmon Stanley, the mulatto, a white man, was on the jury. The next year they were again tried and both of them sentenced to seven years in the penitentiary. This time the jury finds Reuzie guilty and he is let off with 2 years, while Harmon is released entirely.

This is a very queer verdict and proves that there is no telling what a petty jury will do. The man who killed Ebling is set free while the accomplice who brained the corpse is found guilty. Harmon was shot in the face during the fight, right preceding the murder and the jury may have gone upon the idea that he had already been punished by the suffering he endured from a flesh wound, which left a scar near his nose. The general opinion is that the former verdict was a very light sentence, but the Court of Appeals granted a new trial and the present finding is a travesty on justice.

K. P. Grand Lodge.

At the meeting of Evergreen Lodge, Knights of Pythias last week, two vacancies in the representation to the Grand Lodge were filled by election. The Lodge is entitled to three representatives and D. G. Wiley, Chas. M. Meacham and A. H. Clark were selected. The Grand Lodge meets in Owensboro today. D. G. Wiley and Past Grand Chancellor Abernethy left yesterday morning for Owensboro. Business of a pressing nature will prevent the other representatives from attending.

Probably Fatally Injured.

Mrs. Amy Weather, one of the oldest ladies in the county, who lives near Kirkmansville, is now very low and may not likely to live more than a few days, owing to injuries sustained by a recent fall. She has been quite feeble for some time and a few days ago while trying to close the door of her room fell and sustained severe bruises, which threaten to result in gangrene. She is 87 years of age and lives with her son, F. M. Weather.

Robbery.

The assistant station boss at Crofton was robbed of his pocket book containing \$15 in cash and valuable papers, Wednesday night. A warrant is out for the arrest of the party suspected of having committed the theft.

Some complaints have come to us of the stealing of papers left at the store doors before stores are opened. Another case of diphtheria, a child of Minerva Ferguson, col., on West Seventh Street, resulted fatally Friday morning, making the fourth death. The three cases reported Friday are all doing well. There have been rumors of other cases, one a child in the first grade of the white public school, but all of them lack confirmation. As yet there is no danger of an epidemic. Elsewhere will be seen a communication from the Board of Health.

Judge F. H. Bristow received from Assistant Secretary of State, Willis L. Ringo yesterday, papers giving the information that Gov. S. B. Buckner had remitted all of Joe Linebaugh's fines except sufficient to confine him in jail six months. He has already served four of that size, and the Governor gives him a respite until after the November term of court, after which Linebaugh can return to jail—if it is his wish. The sum total of fines remitted is \$4,275. Linebaugh breathes free air again to-day and will likely leave for Guthrie on the first train—Kenton Progress.

On to-morrow Sells Brothers' enormous show, in coalition with S. H. Barrett's World's Fair, will be here. It is veritably Ossa piled on Pelion. Interest in the Brame matter has been increasing every day since Friday and excitement is now at fever heat.

Thursday Brame was seen near Allowville on a gray horse, which he confiscated near Greenbrier, Tenn.

Friday morning about day he was seen in this city and it is said he was harbored by one of his friends.

Saturday another survey was made by Messrs. Twyman and Townes, and according to their line, the house is outside the city, excepting about two feet of one corner.

If Judge Brasher has moved his residence out of the city he has of course forfeited his office, but to settle the boundary question the Council would have to have a survey made.

Judge Brasher says his new house is in the city limits, but that he was only temporarily occupying the house during the heated term. He moved back to his former residence yesterday.

Dr. Darby will formally dedicate the new Cumberland Presbyterian church at Pembroke next Sunday at 11 a. m. Dinner on the ground for all.

If you have sick and nervous headache, take Ayer's Cathartic Pills. They cleanse the stomach, restore healthy action to the digestive organs, remove effete matter (the presence of which depresses the nerves and brain), and thus gives speedy relief.

Need a tonic, or children that want building up, should take BROWN'S IRON BITTERS. It is pleasant to take, cures Malaria, Indigestion, and Biliousness. All dealers keep it.

IS HE IN OR OUT?

A Question, Raised as to Judge Brasher's Right to Hold a City Office.

Considerable talk has been indulged in the last day or two in regard to the eligibility of City Judge J. C. Brasher, yesterday H. L. Boales, who had been arrested Saturday, declined to be tried by Judge Brasher on the ground that he had forfeited his office by moving out of the city. Judge Brasher thereupon continued the case until to-morrow.

Some time ago Judge Brasher bought a lot at the city limits on Seventh street and build a residence upon it. He had the boundary line surveyed by S. C. Younglove and located his house, as he claims, on the line most of it inside. Some six weeks ago he moved out to this house.

Saturday another survey was made by Messrs. Twyman and Townes, and according to their line, the house is outside the city, excepting about two feet of one corner.

If Judge Brasher has moved his residence out of the city he has of course forfeited his office, but to settle the boundary question the Council would have to have a survey made.

LAND FOR SALE!

I want to sell my farm lying two miles and a half northeast of Mayfield, Graves Co., Ky. on the Mayfield and Paducah dirt road. The tract contains 1/4 acre of good land, 90 acres in cultivation, half of it in clover and grass; the balance in timber. The land is just rolling, in a high state of cultivation and is one of the best farms in the country. It has a good house, a barn, a half mile of wire fence, and the balance good rail fence. Three hundred and thirty-three tobacco barns—two of them with 1/2 acre around them—two-story frame building. Orchard of good fruit every kind. The dwelling house is a two-story frame building, with a lot of the rear of it 18 feet making four front rooms and 1100 sq. ft. of land. The house is situated in front and the L. has a side porch—a very convenient and dry house. A brick manure house and all other necessary buildings. The residence is located in forest growth, has good pasture, good churches and schools are in the neighborhood.

"THE BEST IS THE CHEAPEST."

Many people are under the impression that Ivory Soap is expensive, and intended for the use of the wealthy only. The fact is, the price is lower than for ordinary soaps, quality considered, for in the "Ivory" no "cheapeners" or "makeweights" are used, so the buyer gets all "true soap" for her money. Its harmlessness, durability and efficiency admit of its being used for all purposes with equal satisfaction and economy in the families of the rich or poor.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the Ivory." They are not, but like all counterfeiters, lack the peculiar and remarkable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

TOBACCO NEWS.

LOUISVILLE TOBACCO MARKET.
Furnished by GLOVER & DUBARR.

Sales on our market for the week just closed amount to 2,593 hhds., with receipts for the same period of 2,858 hhds. Sales on our market since January 1st amount to 91,155 hhds. Sales of the crop of 1888 on our market to this date amount to 67,718 hhds.

The dry weather which was beginning to tell, with much complaint from tobacco growers was terminated this week in five days of abundant rains and it is now thought that much damage has been done to that part of the crop which was about ready for the knife, this being especially true of the hurley section. The offerings have been large again this week and there are no new developments to report in prices concerning dark tobacco.

Trash \$1.00 to 1.75.
Common to medium lugs \$2.00 to 3.00.

Rescued From an Outlaw.

SAN FRANCISCO, Sept. 7.—A Los Angeles special gives an account of the capture yesterday afternoon of Salustio Morales, the outlaw, who has for some time terrorized certain sections of the southern part of this state. Morales was seen to emerge from the brush near the head of Alamitos Bay by constable Wilson of Oceanside, and two deputies. They overtook him with their rifles as he was stooping to wash his hands in the waters of the bay, and made him their prisoner. Near by in the brush was found the girl, Nymphia Brown, whom Morales abducted from her home about a month ago and who has since accompanied him on his journey. She refuses to state whether she will be restored to her parents and Morales will be taken to answer on the charge of recently murdering the wealthy Henry Charles.

The Pupil and the Stage.

Rev. F. M. Broun, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my physicians thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 20 lbs. in weight."

Arthur Love's Story.

Arthur Love's story, "The Puny Folks Combination," writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, Coughs, Croup, and all Cures, everything else fails. The greatest kindness I can do my many thousands of friends is to urge them to try it." Free trial bottles at H. B. Garner's Pharmacy Drug Store. Regular sizes 50c. and \$1.00.

If you are troubled with any disease of Kidneys, Liver or Stomach, of long or short standing you will surely find relief by use of Electric Bitter. Sold at 50c. and \$1.00 per bottle at H. B. A High-Toned Fluid.

There must be something about an intimate acquaintance with electricity which produces a different effect from that which comes of other influences. It is an old saying, so old that it has long passed unchallenged, that "familiarity breeds contempt." Familiarity with electricity, however, does not breed contempt. On the contrary it engenders a peculiar not to say morbid affection for the subtle fluid and singular sensitiveness on its behalf.

This is shown by the attitude of the electrician on the question of execution by electric shock. According to the New York Sun, instead of regarding with interest this new method of execution, the electrician "are outraged" that the agency they use should be employed for the purpose so horrible. The lightning may follow any indignity be heaped in the service of man and compelled to fight the darkest and deadliest of his abodes and lairs. It may without dishonor illuminate the chambers where the aid-ermen and legislature assemble, the gambling rooms and the thieves' resorts. It may shed its rays upon the victim of the murderer so that the latter may see clearly where to strike. It may carry the most infamous messages between the foes of society, enabling them to rob the public and escape the punishment of their crimes. But it must on account be dishonored by rendering any aid to society in exterminating the criminal.

Truly the electrical fluid should be regarded as its self, and not as a means and a means for the sake of its end.

Like a dime novel.

The Prides of His Class.

There is a bright, handsome boy of sixteen, sunny-tempered, brilliant and engaging, the delight of his parents, the joy of his home, and the pride of his class. But a shadow fell across his bright prospects. It began with a trifling cough; soon came pneumonia, then a fever, and at length, after a struggle of some weeks, he seemed doomed to an early grave. Then a friend advised Dr. Pierce's Golden Medical Discovery.

He tried it and was saved.
